

Turning over a new leaf — April Newsletter

My customer loved the portrait of her mother hanging over the piano. But she felt the frame didn't do it justice. It seemed small in comparison to the other frames hanging in that area and the linen liner had begun to mildew. We found that the width of this new frame made it look more important, helped it to fit in with the other frames and brought a new warmth to the portrait.

“Judie’s artistry has given new life to my mother’s portrait. Now I feel that Mother is in the room with me. And instantly I am taken back to my earliest memories of so many times that I went with her to her performances. For me, orchestra rehearsals were the best as I could dance and dance in the empty foyer until the conductor would insist that I stop making so much noise. But since Mother was the concertmaster, I just took off my shoes and kept dancing! “

“Have frames, will travel” is my slogan and it means that I will visit you for a free framing consultation and free delivery when your frame work is done. I am happy to come to your house, your office, or another location of your choosing. It is very helpful to select framing materials in the area where the picture will be hanging since it is easy to hold samples up for comparison. You can trust me with your pictures because I have been framing for 42 years.
