

Time-Lapse -- June News

In August last year you remember we had a total solar eclipse. So exciting!

My cousin, David, who lives in San Francisco, traveled to Nashville, Tennessee to see the eclipse with friends. One of those friends is a professional photographer and took this time-lapse photo of the event. Then David had me frame it for his apartment. We chose a simple black frame and black and white mats to contrast with the fabulous photo and make it as dramatic as possible. It didn't need any help! Simple can equal dramatic.

“It’s BEAUTIFUL!!! And of course everyone at work wanted to know what’s in the big box, so I got to show it off.”

“**Have frames, will travel**” is my slogan and it means that I will visit you for a free framing consultation and free delivery when your frame work is done. I am happy to come to your house, your office, or another location of your choosing. It is very helpful to select framing materials in the area where the picture will be hanging since it is easy to hold samples up for comparison.
