

# It's Puzzling - June News

I call my friend and customer "Larry the Puzzle Guy" because he really likes doing large, colorful and complicated puzzles. And many of us have done puzzles during this time of home confinement, so I thought you would like to have an idea of what to do with those finished masterpieces. You could...wait for it...frame them! And if you don't have space in your house for any more pictures, you can do what Larry does. You can hang them in your garage!

Great idea, right? Larry used a plain black frame for each one which is a good way to keep the room from looking too busy. Thanks for the inspiration, Larry!

**"Have frames, will travel"** is my slogan and it means that I will visit you for a free framing consultation and free delivery when your frame work is done. I am happy to come to your house, your office, or another location of your choosing. It is very helpful to select framing materials in the area where the picture will be hanging since it is easy to hold samples up for comparison.
