

TEXTURE -- June Newsletter

Ginny is a veterinarian and loves animals and birds of all kinds. She wanted to frame this bird picture which has a lot of texture in the feathers, bark, lichen and leaves. After we found the light taupe and rust mats to complement the earth-colored subjects, we searched for a frame that would enhance the textures. This one was our favorite with its rustic feel and mixed colors. We hope you like it as much as we do! Thanks for sharing, Ginny.

“Have frames, will travel” is my slogan and it means that I will visit you for a free framing consultation and free delivery when your frame work is done. I am happy to come to your house, your office, or another location

of your choosing. It is very helpful to select framing materials in the area where the picture will be hanging since it is easy to hold samples up for comparison. You can trust me with your pictures because I have been framing for over 40 years.
