

Art Deco Mat – September News

When I visited Joanne in Clayton last week, she showed me this unique frame. It has a “mat” that is actually painted onto the back side of the glass in Art Deco style. Art Deco can be described as streamlined, symmetrical forms, geometric designs as ornamentation, and repetition of elements. Inside the frame, hidden behind the poem, was a picture of Hedy Lamarr, Hollywood beauty of the 1930’s and 40’s. So, it is quite the antique!

“Have frames, will travel” is my slogan and it means that I will visit you for a free framing consultation and free delivery when your frame work is done. I am happy to come to your house, your office, or another location

of your choosing. It is very helpful to select framing materials in the area where the picture will be hanging since it is easy to hold samples up for comparison. You can trust me with your pictures because I have been framing for over 40 years.
